Each classroom will be writing letters or making cards for some of the local priests. We will be focusing a lot on vocations. Each child is called to do something different in their lives.</p> <p><b>Theme:</b> Students will dress up as the profession (vocation) they think they are being called for.</p>  |

This is shown by the graduation rates from OCS. On average, 96% of graduates go on either a 2 or 4 year college or university and usually 2% go to the military. Students will be encouraged to let their teachers know how much they are appreciated on this day.</p> <p><b>Theme:</b> Students will wear a shirt representing their favorite college with uniform bottoms.</p>   |
