IMPORTANT

- Policy must be purchased before December 1, 2021, and must be purchased before November 11th to avoid having device checked by OCS technology personnel for damage. Any policy purchased from November 11th to November 30th will require OCS Technology personnel to inspect the device before approving policy purchase. Every policy must be purchased prior to device experiencing a failure, damage or loss. If the device is damaged before insurance policy purchase, the device is not eligible for coverage.
- Selecting the correct coverage term is important when purchasing insurance to ensure your device is fully covered for the entire term and to ensure hassle-free claims process.
